Ms. Patricia Mansard  
Vigo County  
33 S. 3rd Street  
Terre Haute, IN 47807

Dear Ms. Mansard:

I am pleased to inform you that your request to post non-confidential court information on the Internet has been approved, subject to the conditions set forth in this letter. This approval is administrative in nature and is granted under the provisions of Trial Rule 77(K).

1. You are authorized to post non-confidential party, attorney, case number and CCS information on the Internet, as well as the court calendar. Should you decide to make any changes to what you propose to post, you must seek and obtain specific approval for such changes.
2. You must provide a copy of this approval letter to the judge.
3. Approval of this request to post information on the Internet in no way reduces the obligation of the clerk and court to make non-confidential court information available to the public through traditional means in response to in-person and telephone inquiries.
4. You, the judge, and any entity involved in providing technology services for court records are responsible for taking reasonable steps to ensure that Administrative Rule 9, as well as all other applicable state and federal laws are followed, including without limitation those laws pertaining to confidentiality. The full text of Administrative Rule 9 can be found at [http://www.courts.in.gov/rules/admin/index.html#\\_Toc245015560](http://www.courts.in.gov/rules/admin/index.html#_Toc245015560).
5. Your contract with your case management vendor and the Internet services provider must comply with the requirements of Administrative Rule 9(K).
6. Your contract with your vendor must explicitly make clear that all information and data remain the property of the court, and any use of the data other than as specified

by this authorization, is prohibited. No court data will be sold, licensed, or otherwise made available to any other entity for any other purpose.

7. You must conduct periodic audits of the data being provided over the Internet in order to assure compliance with this approval, Administrative Rule 9 and other relevant laws.

8. You must assure that the display on the Internet will provide appropriate advice and/or disclaimer to users about the non-official status of the information displayed on the Internet.

9. If your County Board of Commissioners has adopted an electronic system fee to be charged in conjunction with public access to court records, you must have the fee approved by the Division, and the method of the fee's collection, deposit, distribution and accounting must be approved by the Indiana State Board of Accounts as required by Administrative Rule 9(E).

10. The Division of State Court Administration will be collecting information from clerks and courts that provided information over the Internet to report on matters related to the posting of court records, including the number of subscribers, fees collected and any security breach issues that have arisen. This report will be required as part of the renewal process.

11. The Supreme Court and the Division of State Court Administration reserve the authority to make changes to the approval process and to the rules governing both the approval and the posting of information. Any contractual arrangement should reflect acknowledgment of this authority.

12. Prior to this approval, vendors transferring court data to their own servers as part of the posting process executed and filed with the Division of State Court Administration a Request for Bulk Data/Compiled Information and User Agreement for Bulk Distribution of Data. If any changes occur during the year, both documents must be amended.

13. All vendors receiving bulk data transfers, including transfers for the purpose of posting court records in accord with T.R. 77(K), must fill out a Distribution Receipt Form for Bulk Distribution of Data or Compiled Information and file the completed form with the Division of State Court Administration within thirty (30) days of the first distribution.

14. This approval expires **January 31, 2011**. Renewal requests should be made using a form provided by the Division of State Court Administration, and should be made at least ten (10) days prior to the expiration of this approval.

Please feel free to contact me should you have any further questions or should you need any further assistance.

For your convenience, I am enclosing excerpts from Administrative Rule 9, which set forth the specific sub-sections of the rule referred to in this letter.

This authorization to post court records on the Internet will become effective when we receive an acknowledgment from you that you accept the conditions set forth in this letter.

Sincerely,

A handwritten signature in black ink that reads "James R. Walker". The signature is fluid and cursive, with a long horizontal stroke at the end.

If a vendor is used, the Division will not approve any request that is not accompanied by a copy of the agreement between the clerk and the vendor, which agreement must include provisions requiring the vendor to report any breaches of security and/or any unauthorized release of confidential information bi-annually, and providing for an annual audit, at vendor expense, of revenues generated by the contract.
